

Sure GreenN Gold

A high nitrogen & iron slow release blend for active turf areas. Excess chlorophyll produces deep and prolonged greening. Half of the nitrogen is in slow release form for steady growth through Spring and Autumn.

Application Calendar

(best applied during growing season)

SPRING

AUTUMN

AVAILABLE 20KG, BULK BAGS + BULK

Long Lasting

The 50% slow release N ensures sustained release, reducing the need for frequent applications and simplifying maintenance.

Deep Green

The high Iron and Nitrogen work to provide turf with a superior lush green appearance.

Turf Health

Sulphur and Iron improves the availability of essential micro nutrients in the soil, enhancing turf colour, quality, and overall health.

Turf Density

Helps increase turf density and thickness, through the promotion of lateral growth.

Application Rates

Contact your Bailey's Representative for further details.

KG/HA	KG ACTUAL N/ha
200kg	40kg
250kg	50kg
300kg	60kg

Apply to dry area and irrigate after application. If no irrigation, apply when rainfall is evident.

Sure GreenN Range

- Individually designed for every stage of professional turf management in Western Australia.
- Featuring a combination of readily available and slow release nitrogen technology, the range guarantees superior performance.
