Application Calendar

(best applied during growing season)

AVAILABLE 20KG, BULK BAGS + BULK

Mini Profile

The mini sized granules penetrate the turf canopy more effectively, providing essential nutrients where they are needed.

Enhanced Absorption

The smaller granules dissolve and release nutrients more quickly, leading to faster nutrient uptake by the turf.

Nitrogen Balance

Combines an equal balance of readily available and slow release Nitrogen for sustained growth and vibrant colour.

Colour Enhancement

High Iron delivers deep, lush green colour, improving the appearance of turf.

Application Rates

Contact your Bailey's Representative for further details.

KG/HA	KG ACTUAL N/ha
200kg	40kg
250kg	50kg
300kg	60kg

Apply to dry area and irrigate after application. If no irrigation, apply when rainfall is evident.

Sure GreenN Range

- Individually designed for every stage of professional turf management in Western Australia.
- Featuring a combination of readily available and slow release nitrogen technology, the range guarantees superior performance.
